Let me introduce myself. My name is David Nelson. I was born (родился) in London, but now I live in California, in the USA. I am a TV news reporter. I work for a small newspaper and I really like my work, because it is very interesting. I meet many interesting people every day.

I come from a large family. My father has a farm in the North of England and he is very busy with the work on the farm. My mother is a housewife. She has a lot of work to do about the house and she is very busy too. Every summer I go to see my parents and my relatives. I have two sisters and one brother. My elder sister is twenty-six. She is married and has a son Nick. He is six and is in the first grade at school. My sister is a doctor, and her husband is a lawyer. It is a well-paid job and he makes a lot of money. My younger sister's name is Ann. She is twenty and is in her first year at Oxford University. My brother Ted who is fifteen lives with my parents. He is in high school. He wants to become an economist, but I'm afraid it is only a dream because he is rather lazy and my mom and dad have a lot of problems with him.

Now a few words about myself. I'm twenty-four. I am married and have a family of my own. My wife Jane is twenty-three, she is a school teacher but she doesn't work now because we have a baby, she is only seven months old. So we are three in my family and we get on very well with each other.

The Grandfather

My grandfather has a room all to himself. It is at the end of a long hall away from our rooms. Mother says it is good for him to be alone because it gives him time to himself. But I don't understand why he wants to sit by himself in his chair in the middle of the room. My grandfather calls me Pete though I am a six-year-old girl, because he says I am smart as any boy.

I like to come into my granddad's room before I go to my bedroom at night. There are so many interesting things in his room. There is a bookcase full of interesting books and magazines with pictures.

Sometimes our neighbors come to see my granddad. Then he comes out to the sitting room to meet them and they sit at the big round table in the middle of the room, they have tea and talk. I like my neighbors, only one of them speaks, very loudly and always goes to the kitchen to wash up the tea things. I don't really like her.

A Letter Home

Dear Mum and Dad,

I live now in my own flat. It is very comfortable. It is a bit small and the rent is high. But they say, I am lucky to have it. It is quite a problem to find a place to live here. I have my own bedroom and bathroom. The kitchen is very cosy. There is a common room which I use as a sitting room too.

The flat has central heating and double doors and windows — so I will not be cold in winter. And it has a balcony with a view of the sea.

I already know one of the neighbors, an old lady Mrs. Jones. Her house is across the street from mine. Her husband comes from Finland, he is Finnish, but he speaks very good English. They sometimes invite me for a cup of tea, and I like to have a quiet evening at their place. Mrs. Jones is a wonderful cook and a good housewife. She keeps her house in perfect order.

The Joneses have no relatives in Finland but they have a lot of friends there and sometimes visit them.

Among other neighbors I know there are the Thomsons. They are also from the United States. They are about thirty, very friendly and sociable.

Mrs. Thomson is an architect and her husband is a businessman. When I have some problem I turn to them and they always help me. They are my next-door neighbors but I don't see very much of them because Mr. Thomson is at work the whole day and sometimes he doesn't come till late at night.

Anyhow, I'm quite all right here. Please, don't worry about me. I spend a lot of time in the library and come home only in the evening. Do you know how much I miss my home and you? Does Steve ever come to see you? I hope to hear from you soon.

All my love,

Jacky.
